

Exit extensions

9636541

GTIN: 4007126033758

There must be no opening between the uppermost rung and the structure, which could be accidentally stepped on. The standards therefore require an extension of the exit which closes this opening.

Material
Stainless steel 1.4301 / AISI 304

-
- For ladder LW400mm
- For connection to ladder rail 40x20mm

Specifications

Wall distance in mm	165 - 215
fixed	✓
