The Hailo Cargo Bags are:

### PRECISION FIT

Custom designed to fit the inner bin of the Cargo Synchro waste separation system

### PRACTICAL

All bin liners with draw tape to seal the liner when full

### STABLE

High-quality material which does not tear easily when carrying a full bin liner

### ECO-FRIENDLY

Not only does the system serve to separate waste by type, our bin liners are also made from recycled materials and carry the Blue Angel environmental label

To make it even easier for you to sort waste and dispose of it, we have designed bin liners to fit the Cargo Synchro system - Hailo cargo bags. The cargo bags are made from recycled materials and have the Blue

Angel environmental label. They have a draw tape, which can be used to seal the bin liner before disposing of it.
