

COMPACT-BOX M

The compact fitted waste bin with plenty of space and the unique lid-lift system.

THE KEY FEATURES

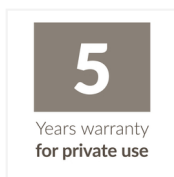

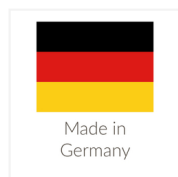

Opens as if by magic

No measuring, large capacity: This waste bin is ideal for every fitted kitchen. The lid-lift system lifts the lid to one side as soon as you open the cupboard door. This ensures easy filling and removal of the inner bin. The waste bin is easy to assemble. You can choose yourself whether it goes on the right- or left-hand door. The Compact-Box M holds up to 15 litres and can be used with carousel units upwards of 40 cm wide. Compact-Box M - the fitted bin with lid-lift system.

- Lid-lift system with springless plastic tilt-and-turn lid
- Can be used with carousel units upwards of 40 cm wide and assembled on the right- or left-hand door
- Simple, unproblematic assembly and dismantling
- Inner bin, plastic

OTHER PRODUCT ADVANTAGES

- Stainless steel or corrosion-resistant coated sheet steel housing
- Large capacity of 15 litres with compact dimensions
